Flogas Countdown Competition

Campaign Objective

To create awareness of Flogas Natural Gas and the reasons to switch while generating as many competition entries as possible.

Period

Two Weeks (Nov 3rd – 17th).

Result

Over a 2 week period our Countdown Competition mechanic generated over **26,500** entries far exceeding expectations. A record breaking campaign for entries.

“ We ran a campaign on **Pigsback.com** using their new “Countdown Competition” mechanic. We were extremely impressed with the amount of competition entries and the high level of engagement the campaign achieved for our brand in such a short period of time. It exceeded all our expectations and we will definitely be considering running more of these campaigns with **Pigsback.com** in 2016”
